

Your teacher has created an Individual Space for documenting and reflecting upon your Core Competencies. Let's add to your Core Competencies Space!

How can you add to this Space?

You can create a Post

[+ Create](#)

1. Click **+Create**
2. Choose **Media** > add a **Title** > write a **Description**
3. Select **Space** (Core Competencies) > **✓Post**

Thinking

You can copy a Post

You can connect previously completed work to the Core Competencies by copying a Post (as long as you are the author of the Post!)

1. Click the **ellipsis** on a Post > **Copy Post**
2. Adapt the **Media**, **Title**, and **Description**
3. Select **Space** (Core Competencies) > **✓Post**

Communication

You can complete an Activity

 Activities

1. Click **Activities** (top navigation menu)
2. If you have an assigned Activity, you can choose your Activity > **✓Start Activity**
3. Complete your Activity (Media, Title, Post Description) > **✓Submit**

Personal & Social

 Jack Mitchell

 Core Competencies

Creative Thinking

Today in ELA we brainstormed different endings to the book Holes. We had to write down as many ideas as we could think of in ten minutes. Some were very funny! We go

 Goal Setting and Core Competencies

Communication: Mock Court

I won! Why? I was more convincing than the defense, and it was because of my communication skills. How was I convincing? I had a very strong beginning and closing

 Core Competencies

Personal and Social: Caring for the environment

In class today we planted trees. We need to plant trees because plants clean the air. There is a lot of pollution but trees help.

I really like animals, and many animals live in trees and need trees for food. ...
