

Supporting BC's New Reporting Policy

Communicating Student Learning - All In One Place!

Why Bring SpacesEDU Into Your Classroom?

- ✓ Use the Reporting Space and Proficiency Report for learning updates
- ✓ Use written or mixed-media to provide differentiated and descriptive feedback
- ✓ Use Curriculum Tags and Proficiency Scales to connect student learning to content, curricular and core competences
- ✓ Flexible portfolio spaces for documenting learning, goal setting, and self-reflection on the core competencies
- ✓ Keep families informed about student growth by connecting them to the classroom with family accounts

Gathering Evidence of Learning

Evidence of Learning can be captured with various media options - giving students the ability to demonstrate their learning in a variety of ways!

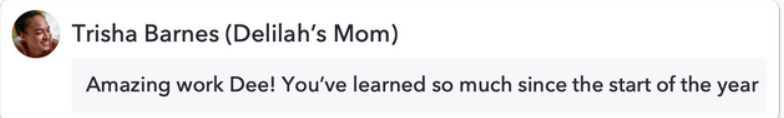

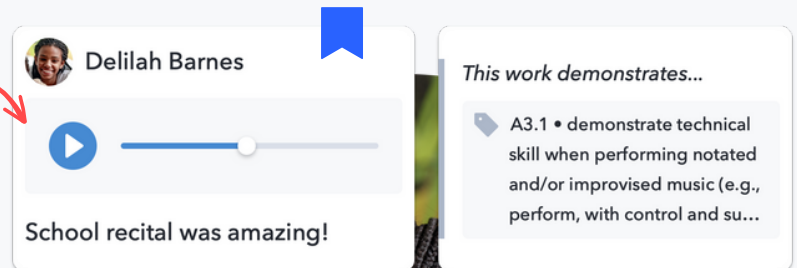

Student work can be collected and organized into a digital portfolio, to be made visible to students, parents and teachers alike.

Engage Students and Families

With SpacesEDU, there are a number of ways to provide consistent, timely, and meaningful communication to students and families.

With all Spaces, the level of activity and visibility can be controlled for students and their families. With visibility, families can see their student's strengths and areas of growth (in real time!) When set to Active, families can add their own valuable feedback - bringing together teachers, students, and families!

With the Messaging feature, teachers can send one-way or two-way multimedia messages to students, teachers and families directly (to groups or to individuals!)

Using Learning Standards

With Curriculum Tags, student work can be easily assessed and organized according to relevant Learning Standards.

Curriculum Tag Sets include:

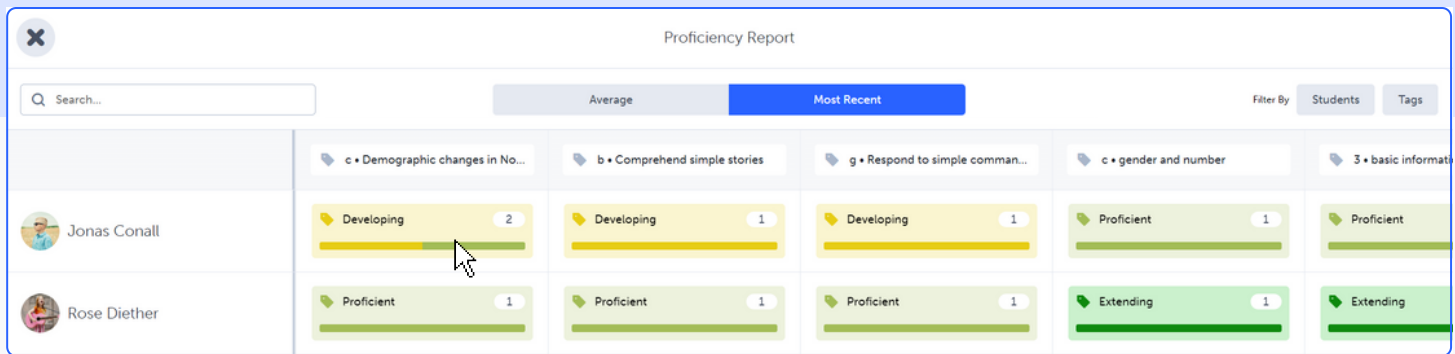

- Curricular Competencies
- Content Competencies
- Core Competencies

a • Creative expression is a means to explore and share one's identity within a ...

Emerging Developing Proficient Extending

Focus on Proficiency

The Proficiency Report is a great data-informed assessment tool - which highlights students' level of proficiency across specific curricular areas. This interactive report can be filtered by average or most recent work. When clicking the Progress Bar, it populates a feed of all student work that is associated with that competency - a visual celebration of student growth!

Goal Setting and Self-Reflection on Core Competencies

Teachers can create separate spaces for student-generated content, including Goal Setting and self-reflection on the Core Competencies. Work within these Spaces can be made visible to families, bookmarked to the student's Reporting Space, and/or recorded as an Area of Learning.

Differentiated Learning and Assessment

Individual and/or Group Spaces can support all students, and offer flexible learning opportunities for students with diverse abilities. With a variety of media options available, teaching and learning can truly appeal to student strengths!

Communicating Student Learning

Use SpacesEDU for Learning Updates! Informal, Written, and the Summary of Learning

Reporting Space

The Reporting Space acts as a visual report card, a summative portfolio, or as a written Learning Update! Teachers can easily curate artifacts of student learning throughout the year, and add them to the Reporting Space.

Summary Statement

Ananth is a great communicator and enjoys interacting with others to share his ideas. He is sensitive to others and is aware of how his actions and words impact those around him. Ananth at times requires support when working through difficult or uncomfortable situations with peers or staff. He is working on using his strong communication skills to grow better in expressing his thoughts in times of social conflict. Overall, Ananth has developed important friendships and is a valued member of our classroom community.

Goal Setting & Competencies Corner

My Self-Assessment

My goal was to think in new ways this year. This year I had to think creatively and critically alot. In Science I got to do an inquiry project on anything I wanted and because I really love pretty rocks I d...
